

Why Join us?

We have two levels of membership, full, which provides full access to all training courses and events at no additional charge, along with voting rights at meetings and AGMs. Associate membership is for those that support our aims but are perhaps not able to become fully involved with our activities.

Our main focus is to develop innovative ways to utilise the orchards fruit to produce revenue for further restoration projects. Our efforts have been focused on producing our own apple juice, which is sold in various outlets through South Lanarkshire. We are always looking for new ideas and volunteers to help our production efforts. This is where you come in!

Who are we?

Clyde Valley Orchards Cooperative Limited is a small group of local volunteers based around the upper Clyde Valley. Some own orchards, others have an interest in the outdoors, we all have a passion for retaining and restoring the orchard landscape of the area.

The Clyde Valley has featured orchards since at least the 12th Century and possibly as far back as the 5th Century, and this legacy can be seen everywhere if you know where to look. There is a real danger that we may lose this valuable resource if action is not taken, that is where we aim to make a difference.

Clyde Valley orchards

Victoria plums, damsons, and berries were all still popular
Their season is short
